FOR A STRONG Finish

This edition brings together a broader mix of this year's proven favourites for dependable results, along with fresh additions for the winter season and beyond. Created with both originality and relevance in mind, YES 2025 is the only product guide you need to fuel your goals through the rest of the year.

Take customisation to the next level with BE CREATIVE items! These give you the freedom to present your brand with full-colour graphics that extend to the whole surface of the product, ideal for patterns and more striking designs than simple logo printing. The BE CREATIVE collection is manufactured or assembled in Central-European production facilities, ensuring short delivery times and low minimum order quantities.

GO GREEN

Show your commitment to sustainability with the GO GREEN selection! These eco-conscious products are primarily made of recycled or renewable materials, offering a cost-effective alternative to conventional items – both environmentally and economically. Look for the green material icons to choose products that reflect forward-thinking values in your promotional activities.

Variable NAME PRINTING

Make it personal with our new variable name printing option! This feature allows you to customise each product with an individual name - ideal for bottles, mugs and many more everyday favourites. It's a simple way to turn branded items into something that feels personally chosen: gifts that people are more likely to keep in their daily routine.

Name printing is applicable to the following technologies:

- UV LED printing
- Rotary UV LED printing
- Engraving
- Rotary Engraving
- Sublimation printing
